## Crime Trends

Crime trends are analyzed using two separate methods, crime volume and crime rates. Crime volume is the collective sum of the seven indexed crimes. By comparing the volume of indexed crime from year to year, trends can be evaluated.

Crime rates on the other hand, are compiled to compensate for the changes in population and show the number of people affected by crime in a given population. Crime rates are usually expressed in the number of crimes per 100,000 residents.

### Crime Volume

During the calendar year 2004, there was a total of 5,304 index offenses in the City of Harlingen. The crime index increased 15.6 percent when compared to 2003.

## Index Crime Analysis

### Murder

#### **Definition**

Murder and non-negligent manslaughter is defined in the UCR program as the willful killing of one human being by another.

This offense category includes any death as a direct result of a fight, argument, quarrel, assault or commission of a crime. Attempted murder and assaults with the intent to kill are not counted as murder, but are included in UCR as aggravated assaults. Suicides, accidental deaths, and justifiable homicides are also excluded from the murder classification.

The classification of this offense as well as for all Index Crimes, is based solely on police investigation and not upon determinations by courts, medical examiners, coroners, juries or other judicial bodies.

#### **Analysis**

##### **Volume**

The reported number of murders in Harlingen in 2004 was 2. This is equal to the number of murders in 2003.

##### **Rate**

Although the number of murders in Harlingen remained the same, the murder rate for 2004 decreased by 5.6 percent from 2003. The crime rate for murder is based on the number of murders committed for every 100,000 persons.

##### **Clearance**

**Murder 2000-2004**

# Rape

## Definition

Rape is defined in the UCR program as the carnal knowledge of a female forcibly and against her will. Statistics reported in this crime category include assaults to commit forcible rape. Rapes or attempts accomplished by force or threat of force are classified as forcible regardless of the age of the female victim. Statutory rape (rape against a female under the age of consent) and sexual assaults on males are excluded.

## Analysis

### **Volume**

The number of reported rapes in Harlingen in 2004 was 12. This represents an decrease of 14.3 percent when compared to 2003. The month of June had the most reported rapes.

### **Rate**

The rape rate for Harlingen was 13.4 per 100,000 persons. The rape rate decreased by 19.1 percent from 2003.

## Nature of Rape

Forcible rape differs from other violent crimes because in many cases the victim is hesitant to report the offense to police. The rigors of court procedures, embarrassment and fear of any accompanying stigma exert a deterrent effect upon the victim's willingness to contact the police. The presence of prior relationship between the victim and offender may make the determination of force difficult to establish, while the usual clandestine nature of this crime presents a problem in verification. As attitudes toward the reporting of rape change, trends in the number of reported offenses can be expected to change correspondingly.

Among the significant factors which drive the DWI arrest rate are these: media coverage of the DWI problem, public awareness, availability of funds for patrol officer overtime, and the skill and training in DWI detection of officers.

### Uniform Crime Reporting Offenses

Offenses in Uniform Crime Reporting are divided into two groups designated as Part I and Part II offenses. Offense and arrest information is reported for the Part I offenses, while only arrest information is reported for Part II offenses.

#### **Part I Offenses**

**Criminal Homicide** – (a) Murder and non-negligent manslaughter: All willful felonious homicides as distinguished from deaths caused by negligence. Excluded are attempts to kill, assaults, to kill, suicides, accidental deaths and justifiable homicides. Justifiable homicides are limited to: the killing of a person by a law enforcement officer in the line of duty; and the killing of a person in the act of committing a felony by a private citizen; (b) Manslaughter by negligence: any death which the police investigation established was primarily attributable to gross negligence of some individual other than the victim.

**Murder and Non-Negligent Manslaughter** – The willful (non-negligent) killing of one human being by another. This includes any death due to injuries received in a fight, argument, quarrel, assault, or commission of a crime. Suicides, accidental deaths, assaults to murder, traffic fatalities and attempted murders are not included.

**Justifiable Homicide** – The killing of a person by a law enforcement officer in the line of duty; or the killing (during the commission of a felony) of a felon by a private citizen.

**Manslaughter by Negligence** – The killing of another person through gross negligence.

**Forcible Rape** – The carnal knowledge of a female forcibly and against her will.

**Robbery** – The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

**Aggravated Assault** – An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault is usually accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

**Burglary** – The unlawful entry of a structure to commit a felony or theft. This includes breaking and entering with intent to commit a larceny; housebreaking; safe cracking; and all attempts at these offenses.

**Larceny/Theft** – The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. This includes pocket-picking, purse-snatching, shoplifting, theft from motor vehicles, theft of motor vehicle parts and accessories, theft of bicycles, theft from buildings, theft from coin-operated machines, and all thefts that don't fit into the above mentioned categories.

**Motor Vehicle Theft** – The theft or attempted theft of a motor vehicle, which is defined as a self-propelled vehicle that runs on land surface and not on rails.

## Glossary of Terms

**Adult** – In Texas, an adult is a person 17 years of age or over. National law provides that adults are age 18 or over. Unless otherwise indicated, this publication follows the state definition.

**Cleared by Arrest or Exceptional Means** – For Uniform Crime Reporting purposes, an offense is cleared by arrest or solved when at least one person is arrested, charged with the commission of an offense and turned over to court for prosecution. In certain situations, police are not able to follow these three steps and, if the following four conditions can be met, the offense can be cleared exceptionally: (1) the investigation has definitely established the identity of the offender; (2) there is enough information to support an arrest, charge, and turning over to the court for prosecution; (3) the exact location of the offender is known so that he could be taken into custody; (4) there is some reason outside the police control that prevents the arresting, charging, and prosecuting of the offender.

**Crime Index** – The sum of seven index offenses used to measure the extent, fluctuation and distribution of a crime in a given geographical area. Crime classifications used in the Crime Index are: murder, rape, robbery, aggravated assault, burglary, larceny/theft and motor vehicle theft. While arson is also an index offense, it is not part of the Crime Index.

**Crime Rate** – The number of offenses per 100,000 inhabitants. To calculate a crime rate, divide the population by 100,000 and then divide the number of offenses by that answer. The crime rate is useful in determining the relative frequency of crime without regard to fluctuations in population.

**Index Crime** – A crime for which reports of offenses committed are collected. Index crimes are murder, rape, robbery, aggravated assault, burglary, larceny/theft, motor vehicle theft and arson.

**Juvenile** – In Texas, a juvenile is a person 16 years of age or under.

**Non-Violent Crime** – Property crimes; the index offenses of burglary, larceny/theft and motor vehicle theft.

**Personal Weapon** – The use of hands, feet, fists and teeth as a weapon to commit a crime; also termed strong-arm weapon.

**Strong-Arm Weapons** – The use of hands, feet, fists and teeth as a weapon to commit a crime. Also termed personal weapon.

**Threat** – A declared intent to inflict bodily harm on a person.

**Violent Crime** – Consists of the Index Offenses of murder, forcible rape, robbery and aggravated assault. Also referred to as crimes against persons.
